

### **Induction lecture for F.Y.B.Sc students**

Induction lecture for FY BSC students are arranged by the college on 7 October 2020 for PCM group and 8 October for CBZ micro Biochemistry and Biotechnology students from 9.00 am to 1.00 pm

IQAC coordinator, Dr.Goswami-Giri delivered various information to all new comers. She has given information about web site, various activities conducted by college. She also asked students to obey rules and regulations, code of conduct. Due to pandemic situation, new student's should aware the college campus and have feel about college life. Madam demonstrated virtual visit to the college campus and location. She also briefed about various certificates courses, co-curricular and extra-curricular activities. Facilities available in the college, Accolades of college, various committees working for the development of students.

Students were very happy and interacted with co-ordinator. She motivated students by giving information about alumini with their designation.

Total 240 students were benefited from the induction lecture.
