Additional Information	<p>The academic year started with Principal's address as a tradition, highlighting importance of college culture, students' role, work ethics, moral values, and so on. These committees support 360° mode of working in the students and also bring out all round personality development. Sessions conducted inside the classrooms not only offer academic contents but also bring about a conscious awareness regarding equality, social awareness, feeling of nationalism, tolerance, empathy, cooperative approach. This group assigns teachers to guide students in achieving their targets, in collaborative behaviour for approaching an issue and following ethical values in the society. In short, mentor teachers become their guardians and help them progress better. Students open up with the mentor teachers and share their difficulties. In specific cases professional help can be sought. Mentor-student meetings were scheduled to facilitate the interaction. Progress of the mentor program reported to Heads of Departments and Principal. The broader target of this entire program is to make students best suited for being successful and responsible citizens.</p>

Report of Mentor-Mentee Meeting

Date: 21st December 2021

Time: 07:30 P.M

Name of Mentor : Dr. Anita S. Goswami-Giri

Class : M.Sc II & T.Y.B.Sc

Subject : Chemistry

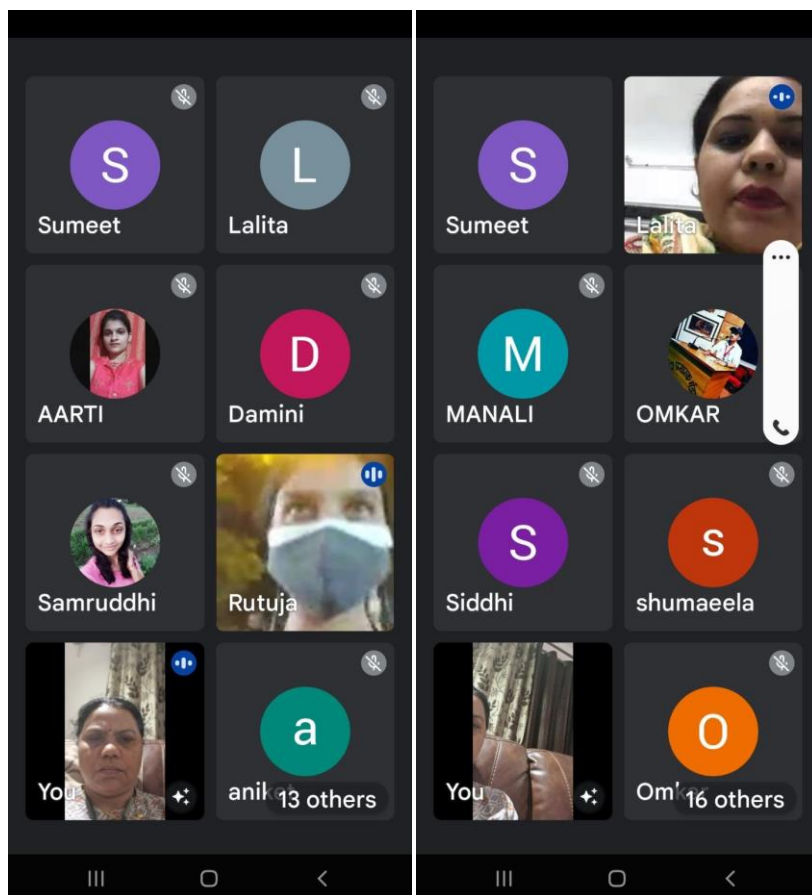

PRN No. : M.Sc II 2020420541 - 2020420577 & T.Y.B.Sc 2018420068 - 2019420144

Duration : 60 Minutes

A Mentor - Mentee Meeting was Scheduled on Online Platform Google Meet by . Dr. Anita S. Goswami-Giri in order to discuss the problems and difficulties facing by the students (M.Sc II & T.Y.B.Sc) Chemistry. In these Meet, Many Students have discussed their problems in which the main problem was attending offline lecture and Practical as many have not completed the Covid-19 Vaccination Doses. Also some students are still facing network issues due to this they are unable to attend the Online Lectures whereas some students was having doubts regarding the Certificate Courses.

Mentor Prof. Dr. Anita S. Goswami-Giri provided all the necessary guidance to the students which were very helpful to the students.

Outcome : All the Queries asked by the students were solved by the Mentor.

Mentorship System

Report 2021-22 (First Term)

Mentor: Dr. Sudesh D. Rathod

Head, Department of Zoology

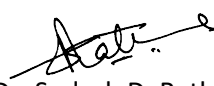

Mentee: All TYBSc (Zoology) Students; Total number of students (mentee) 31.

The T.Y.B.Sc Zoology Students have responded to the interaction positively. About 90% of parents who are not wealthy are with meager **annual** earnings below 2 lacs. About 65% of mothers' education is below the HSC level. Most of the students are earning and learning to support their families. Most of the mentees are average in studies due to this background. It is requested to the teachers for handling these students with high sensitivity and enthusiasm.

About 94 % of T.Y.B.Sc Zoology students are proud to be associated with VPM's B. N. Bandodkar College. Students are determined to have offline college since about 71% of students are eager to go offline. The reason behind this was the difficulty in attending the class online due to various reasons. It seems to be appreciable that teachers are highly responsive and helping kind to the students. There is no problems with the laboratory facilities, notifications of the college events library, and grievance system of the college. It is notable to reiterate here that there are some difficulties faced by students from the administration section.

Suggestions from the Mentees:

1. Students need the college offline.
2. As our college students participate in many intercollegiate competitions or they are representatives of our college in youth festival or any other National or International competitions ... if you provide them a perfect guide/mentor or who has experienced person or an Artist in that particular field for Every competition like for Performing arts e.g., dancing, singing, theatre arts, instrumental, mono acting, skits, & Creative arts like drawing, painting, mehendi, rangoli etc. For Student participants then It will be really beneficial for that student & college also in increasing our success Ratio & also helpful in self-improvement, the self-confidence of that student.
3. Just help and support students for their goals. If our teaching of ours is online then please make our exams online because students will find it difficult to write exams offline on the basis of online studies. Because some people don't have much access to technology, they find it difficult to study.

Report of Mentor- Mentee meeting

Date: 25th March, 2022

Name of the mentor: Meetali Chinnkar

Class: First year B.Sc

Subject/ Subject Combination: Biochemistry, Chemistry, Microbiology

PRN no.: 2021420025 - 2021420499

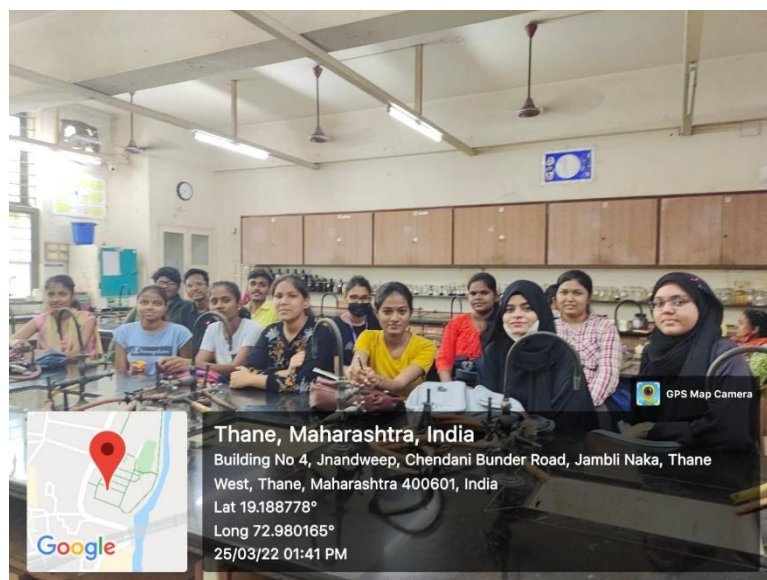

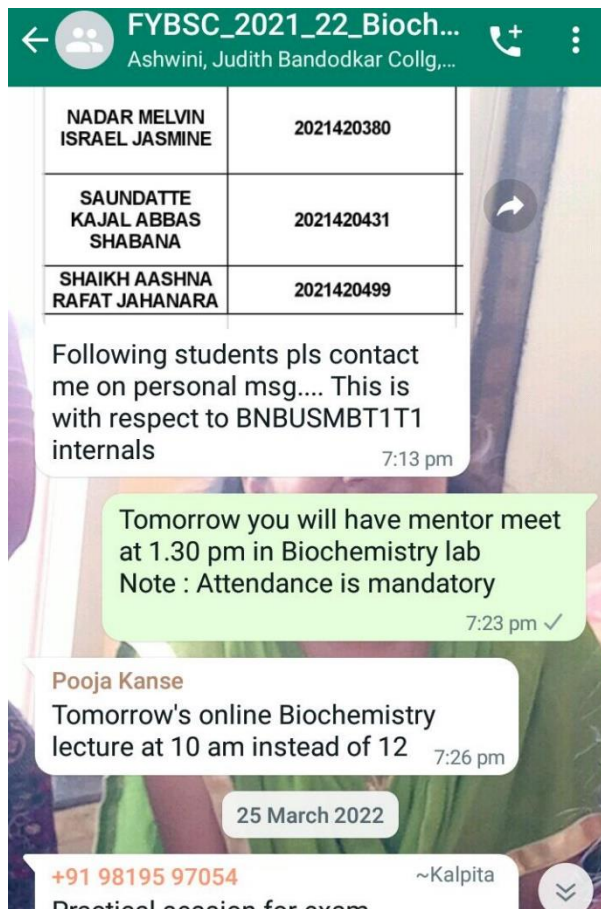

Minutes: 1.30 pm

The Mentor – Mentee meeting for F.Y.BSc biochemistry was held on 25th March, 2022 at 1.30 pm and the following points were discussed.

- 1) The mentor meet was held in biochemistry laboratory and the meet began with the greetings from the mentor and also the mentee.
- 2) The mentor then gave a small activity to students where they had to write something good about each other, the whole purpose of the activity was to make students more acquainted with each other as they have been attending online lectures for a long period.
- 3) They were given 5 minutes to do this after which the mentor read what they had written about each other.
- 4) The mentor- meet then proceeded with the instructions regarding upcoming exams and solving doubts if they have any regarding the same.
- 5) The mentor encouraged students for their overall development, to study well and score good marks and also gave them different methods to study for effective results.
- 6) Lastly the students were asked about any problems they are facing in studies that needs to be addressed for their overall development.

Outcome:

The activity conducted would help the students know each other well as most of their academic year they have attended online lectures. The meet was able to form a bridge between students and the mentor as it was their first offline mentor meet.

MENTOR- MENTEE MEETING

Date: 22/ 12/2021

Time: 10:30 AM onwards

Name of the Mentor: Ms. Aishwarya Deshmukh

Class: F. Y. B. Sc.

Subject/Subject Combination: CBZ

Platform – Google meet

No. of Present Students: 24 (06 Male and 18 Female)

PRN of allotted students: 2021420246 to 2021420307 (Total 30)

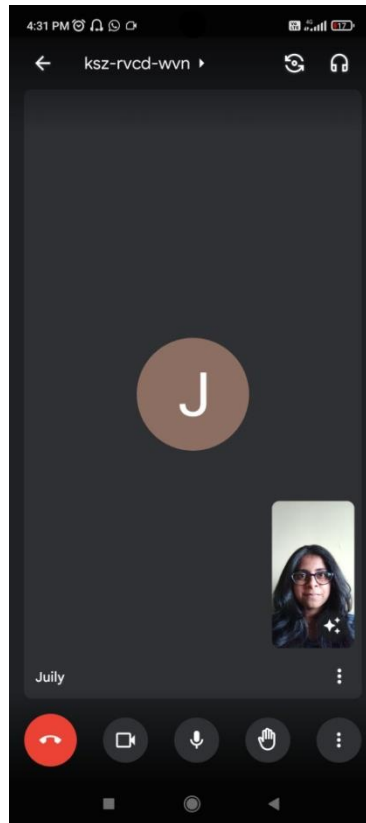

After receiving the allotted PRN of the students from Mentor Cell, a whatsapp group has been created for the ease of communication. The mentor has developed a google form to generate data regarding the mentee's personal information, academic performance, curricular, co-curricular & extra-curricular achievements, issues or problems faced related to studies, physical & mental health. The responses towards these forms were collected prior to mentor-mentee meeting and during meeting individual difficulties of mentee were solved by Mentor.

Minutes: The meeting was arranged on 22/12/2021 under Mentor - Mentee cell for one to one interaction with allotted students. General issues regarding hobbies, interest in subjects, liking towards online lectures and future plans were discussed with the mentee. Gradually the students started opening up about their difficulties in attending online lectures due to job or due to household responsibilities. The students also spoke about mental or physical problems. The mentor asked students about their career choices and asked them to focus on studies and participate actively in extra curricular and co-curricular activities.

Issues Discussed with Students: Difficulties regarding balancing work life and household responsibilities were discussed. Some students opened up about their lack of interest in the subject due to gap year. Issues regarding internet connectivity and insufficient data were discussed by many students.

Guidance Provided: The students were advised to speak openly to their parents and teachers. Students with less confidence in communication and poor language skills were told to do some small language and oratory exercises everyday.

Outcome: It was found that many students go for work and are not able to attend online lectures if scheduled in the evening. Many students had uncertainty about future plans and online mode of education . Their questions were answered by the mentor.

Report of Mentor - Mentee Meeting

Date: 6th December, 2021

Time: 4.00 pm

Platform: Google Meet

Name of the Mentor: Ms. Sayali Daptardar

Class: SYBSc

Subject: Microbiology

PRN no. 2020420091 to 2020420527

Minutes:

Students of SYBSc Microbiology were called for a virtual mentor cell meeting on 6th December 2021 at 4 pm by sharing a link of Google meet. Since the students were not aware about the functioning of this cell, they were told first about the purpose of allotment of Mentor to their class and the important role played by him or her.

To make the group more cohesive the mentor introduced herself to the class revealing about her journey so far. This made students quite interested in discussion and open to discuss about their life and problems from their point of view.

Each one of the students was then requested to introduce himself in brief, speaking about his or her strengths and weaknesses. Students revealed about their academic performance so far and also about their future plans. While discussing college routine, all of them requested a quick start to the offline schedule and they seemed very eager to visit college.

Students were told to be patient and that they would soon have offline lectures conducted in college. As this meeting was online, students were greeted face-to-face by the mentor when they came for offline practicals on 21st December 2021. At the end of the meeting students were given a gform link shared by coordinator of mentor cell to collect data of their academic performance. All the students confirmed that they have filled the form.

Since it was just the first meeting, many students did not reveal their personal problems. Thus another meeting is in plan where one to one offline interaction between mentor-mentee would take place.

Outcome: The discussion was fruitful to build a good rapport among students and their mentor. The meeting also helped the mentor to understand each of the students allotted to her from their point of view. Students data has been maintained by mentor for future reference.

The meeting started on schedule with an introduction of the mentor cell structure, its importance for students, and its functions to the mentees. Additionally, mentees were made aware of the confidential nature of mentor-mentee exchanges. Sincere efforts were taken to establish a secure, unrestricted, and open communication environment, and mentees were encouraged to actively express their questions, concerns, and uncertainties. Issues discussed and guidance provided.

After earning a bachelor and master's degree in the chemical sciences, several students inquired about employment possibilities in education and other sectors. Students were explained various career opportunities and their requirements and prospects. Eg. Teaching in chemical Sciences at junior college, degree college, B.Ed. degree, criteria of NET SET exams, Ph.D. and Jobs in industry etc.

Many of the mentees also wanted to know about research projects. They were enlightened with concept and rationale of the dissertation and were explained in detail with structural framework of the thesis.
