## Feedback analysis

The session was very excellent, and it's very useful for all the students

Abt the exams

Career is not limited to science and research

Always aim high don't restrict your self

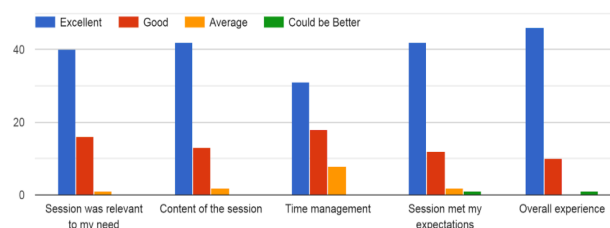

I was so confused about what I am going to do after bsc, but this session helped me alot about what I am doing and what I can do. I was inspired and motivated to think big. This sessions cleared my many doubts. Thank you for arranging such session.

Need to explore more

I learned to be passionate towards the decision which we make, to be consistent in studies

Got to know about more opportunities after bsc

How did you like the career guidance session by Ms. Sayali Daptardar?
