

Activity report for Street play

Name of activity	Street play on for public awareness towards Genome India Project
Objectives of the activity (maximum 40 words)	<ol style="list-style-type: none"> 1. To generate public awareness about the Genome India project that aims to map the diverse genetic landscape of India's population through street play 2. To draw public attention toward inherited diseases, genetic testing, and the importance of Genome India project with respect to the same
Organizing department/s	Department of Biotechnology & Microbiology
Collaborative institute	-
Date (DD / MM / YYYY)	25 th , 27 th , 28 th February 2025
Venue	<ol style="list-style-type: none"> 1. Jnanadweep campus, Chendani Bunder Road, Thane (West) 2. Near Matoshree Jijamata Park, Thane (East) 3. Sadhu Vaswani Road, Thane (East) 4. Bhaskar Colony, Near Saraswati Secondary School, Thane (West) 5. Street near Gokhale Hall, Thane (West)
Mode	Offline
Details of Resource person (name, designation, institution)	Volunteers of SY Microbiology, TY Microbiology and TY Biotechnology Classes from VPM's B. N. bandodkar College, Thane
Key Participants	Residents and passers-by in the area
Remarkable outcomes/ key take-away messages (max. three)	<ol style="list-style-type: none"> 1. Attract the audience, create awareness about the genome India project and its importance 2. Volunteers also gained experience that enhanced their confidence, team spirit and technical knowledge
Details of participants	
Total Number	17 Volunteers
Outsiders	Street passers-by (Beneficiaries)
In-house	
	Faculty members: Students: 17
	Male: Female: Others: --
Additional information	Students appreciated and suggested conduction of similar such activities in future

Name of Coordinator/ teacher in-charge: Department of Biotechnology and Microbiology

'SVATV: Celebrating the Success of GenomeIndia Project'

Awareness Campaign for the GenomeIndia Project by DBT, Government of India
Department of Biotechnology and Microbiology, VPM's B. N. Bandodkar College of
Science, in collaboration with VPM College of Engineering

The ambitious 'GenomeIndia Project.' Funded by the Department of Biotechnology, Ministry of Science and Technology, Government of India, the project is a significant milestone in the nation's scientific progress. It represents a landmark collaboration among 20 academic and research institutions, all working together to drive a genomics-based health revolution in India. The primary goal of GenomeIndia is to create a comprehensive catalogue of genetic variations that reflect the unique diversity of the Indian population.

The Department of Biotechnology and Microbiology at VPM's B. N. Bandodkar College of Science (Autonomous), in collaboration with VPM's College of Engineering, has organized a unique event, 'Svatv: Celebrating the Success of the GenomeIndia Project.' Conceptualized by Dr. Mahesh Bedekar, honourable member of Vidya Prasarak Mandal, this fest will feature an array of activities, including posters, models, street plays, and interactive games, all aimed at explaining concepts like DNA, genetics, heredity, and the GenomeIndia Project. The event will be held from February 25th to 28th, 2025, from 9 AM to 5 PM, in celebration of National Science Day.

The official Inauguration Ceremony would take place on 25th February at 2:00 PM at Patanjali Auditorium of Bandodkar College, with two eminent scientists, Prof. Thangaraj, Coordinator, GenomeIndia from Centre for Cellular and Molecular Biology; and Dr. Punit Prasad, Investigator at GenomeIndia, from Institute of Life Sciences, Bhubaneswar, Orissa. They would address the gathering online. The Valedictory Function would be held on 28th February at 2:00 PM at Patanjali Auditorium of Bandodkar College, featuring a lecture by Dr. Archana Krishnan, Director of BioGenomics Limited, a leading Biopharmaceutical Company specializing in precision medicine in India. The events are open to all and free of charge.

We cordially invite all the staff members for the event. Please join and also spread the word.

Dr. Jayashree Pawar,
Coordinator, Biotechnology

Dr. Kalpita Mulye,
Coordinator, Microbiology
