To whomsoever it may concern

This is to certify that, **Miss. Shambhavi U Chavan** was working in Wetland Management Services (Godrej Mangroves) on the project titled, “**Insect inventory with respect to biodiversity with their seasonal occurrence in Godrej Mangroves along Thane Creek, Mumbai, India**” from January 2024 to March 2025 as an intern and researcher during her Masters. She also trained for conducting nature trails for mangrove biodiversity during her training period from August 2023 to December 2024. She discovered 30 species of ants in Pirojshanagar township and did thorough work on mangroves, insects of this area. During her work in Godrej, she also worked on global version of Godrej Mangrove app. She compiled global database and morphological characters of mangroves and associated species.

With regards,

Hemant V. Karkhanis

Asso. Manager- Wetland Management Services (Godrej Mangroves)
