

VPM's B. N. Bandodkar College of Science (Autonomous), Thane

Name of activity	Visit to Common Effluent Treatment Plant (CETP)
Objectives of the activity (maximum 40 words)	<ul style="list-style-type: none"> ● To provide students with practical exposure to industrial wastewater management ● To demonstrate processes of effluent treatment and highlight the importance of environmental sustainability and regulatory compliance in protecting ecosystems and public health.
Organizing department/s	Department of Biochemistry
Collaborative institute	None
Date (DD / MM / YYYY)	27/01/2026
Venue	CETP (Thane-Belapur) Association, Kopar Khairane MIDC, Thane-Belapur Road, Navi Mumbai- 400710.
Mode (Online/Offline/ Hybrid)	Offline
Details of Resource Person/ Speaker (name, designation, institute)	Mrs. Ashvini Awate Lab Chemist, CETP, Kopar Khairane.
Key Participants	Students of S.Y.B.Sc. Biochemistry students
Remarkable outcomes / key take away messages (max. three)	<ul style="list-style-type: none"> ● Students gained first-hand knowledge of effluent treatment stages such as screening, biological treatment, and sludge management. ● Students observed the primary, secondary and tertiary treatment processes, including aeration tanks, clarifier, equalization and neutralization tanks. ● The visit helped students to connect theoretical concepts with real-world applications, while also raising their awareness of environmental protection and sustainable practices.
Details of Teacher participants	M – Nil F - 03 T - 03
Details of Student participants	M - 04 F - 17 T - 20
Outsiders	Nil
In-house	20
Additional information	-
Name of Co-ordinator	Ms. Sayali Daptardar
